MAAC #: _____ Pilot status: Student Pilot Instructor

Annual Indoor Club Membership - \$65.00

Currently club membership dues are for the participation in outdoor/indoor electric flying activities, meetings and special events. Annual Membership fee is due by September 30, 2011. Please make cheque payable to payable to RICHMOND HILL MODEL AIRPLANE CLUB.

In order to participate in indoor or outdoor electric flying activities MAAC membership is mandatory and obtainable from <http://www.maac.ca> or by calling (905) 632-9808.

Please note that when the club acquires a new field, the membership fee structure, initiation, and annual fee will change as deemed necessary by the executive in order to meet the expenses of maintaining a flying field.

Rules and Regulations for Indoor Flying

- Members of RHMACH must have current MAAC and Pilot Status.
- Only members of RHMACH with bronze status must fly with an instructor present.
- Non members must have MAAC and Pilot Status.
- No training will be available unless an instructor agrees to help out a student.
- All pilots with either 72 MHz or 2.4 GHz must peg on a Frequency Board with a marker and a name tag.
- Pilot stations are only allowed on the side of the gym with an entrance.
- Pilots must perform a range check to insure 2.4 Ghz is bound properly.
- Pilots must avoid flying over designated pit area or near pilot stations.
- Pilots must announce taking off, landing or retrieving their airplane from the gym floor.

At the beginning of flying, organizer must call pilots together to outline the rules.

On mornings where there are more than 8 members, the organizer may put a timed limit on the number of planes in the air at one time.

This might also be made if a member is testing a new aircraft.

Indoor Aircraft Size Limitations

Airplanes -30 inches or less

Helicopters - 14 inch size rotor blades or less designed only for indoor flying
